

# About Admission to the Yokohama City After-School Kids Club

## 1. What is the After-School Kids Club

The After-School Kids Club is a project that uses elementary school facilities. Its purpose is to provide:

- (1) a free “play space” for all children and;
- (2) a “childcare space” for children from unattended households

It started in 2004 and was a part of all Yokohama elementary schools as of 2020.

## 2. After-School Kids Club’s Days of Operation

The After-School Kids Club is open on all days except for Sundays, national holidays, and the New Year holiday period (December 29 to January 3).

However, it may be closed due unavoidable circumstances, and it may be closed or the hours may be shortened if there are no requests for use.

The days and hours for using the club are different depending on the usage classification.

## 3. Usage classifications of the After-School Kids Club

There are two usage classifications: “Wakuwaku” [classification 1], where the club is a play space, and “Sukusuku” [classification 2], where the club is both a play space and a childcare space.

The Sukusuku classification is further divided into “Yuyake” [classification 2A], which runs until 5 pm, and “Hoshizora” [classification 2B], which runs until 7 pm.

The table on the following page provides an overview of the differences between the usage classifications. Choose the classification that matches your purpose of use.

## <Fee reductions for the Sucusuku classification [classifications 2 A and B]>

Yokohama City has a system in place to support the use of the After-School Kids Club Sucusuku classification (Yuyake and Hoshizora) [classifications 2 A and B] by reducing the monthly usage fee for individuals who have financial difficulties.

### (1) Individuals eligible for the fee reduction

You are eligible for a fee reduction if you satisfy any of criteria ① to ③ below.

- ① You receive subsidies for school expenses from Yokohama City
- ② Your household receives welfare benefits
- ③ Your household is exempt from the income-based municipal tax

### (2) Amount of reduction

**The upper limit of the reduction is 2,500 yen per month.**

(E.g.) If the monthly usage fee (\*) is 2,000 yen, the usage fee after the reduction will be 0 yen.  
(E.g.) If the monthly usage fee (\*) is 5,000 yen, the usage fee after the reduction will be 2,500 yen.

\* Only the monthly usage fee is subject to reductions. Fees such as the snack fee, the cost of materials, and program fees; the single usage fee (800 yen each time) for the Wakuwaku classification [classification 1]; the extension fee for the Sucusuku (Yuyake) classification [classification 2A] (400 yen each time); and the insurance fee are not subject to reductions.

### (3) Notes on using the fee-reduction system

- If any of requirements ① to ③ in (1) are not satisfied (e.g.: if you are no longer eligible for subsidies for school expenses, you withdraw from receiving payments, or your household is no longer exempt from taxation due to marriage), **promptly submit a “Notification of Ineligibility for After-School Kids Club Usage Fee Reductions”.**
- If fee reductions are received due to a false or fraudulent application, etc., back payments for the regular fee will be required.

**If you would like to receive fee reductions,  
check “(4) Procedure for using the fee-reduction system.”**

#### (4) Procedure for using the fee-reduction system

\*1 The child allowance and special childrearing allowance are not applicable.

\*2 Certificates for exemption from the income-based municipal tax are issued for each person. Submit a certificate for each member of the household so that we can confirm the exemption for the entire household.

\*3 Depending on the month you intend to start receiving a fee reduction, the certificates or notifications that you need to submit may be for a different year. Contact the After-School Kids Club for details.

\*4 If you were receiving a usage fee reduction in the previous year because you were receiving subsidies for school expenses, you can pay the reduced amount during the period from April until the documents are submitted. If a review of the subsidies for school expenses shows that you were not eligible, back-payments will be required for the reduced amount.

**8. Determination of usage**

Generally, the After-School Kids Club can be used from the desired date provided in the usage application.

However, if information is missing from the application or if falsehoods are discovered, the registration for the Sucusuku classification [classifications 2 A and B] may be denied. In this case, you will be contacted in advance by the After-School Kids Club or an administrator.

**9. Starting day of usage for new 1st grade students**

Starting day of usage for new 1st grade students varies according to the usage classification the child is registered in.

| Usage classification                    | Usage start date                                                                                                                                                                                       |
|-----------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Wakuwaku<br>[classification 1]          | Out of consideration of the effects on school life, the After-School Kids Club can be used from the specified date.<br>However, single uses (800 yen each time + snack fee) are possible from April 1. |
| Sucusuku<br>[classifications 2 A and B] | Can be used from April 1.                                                                                                                                                                              |

**<Cautions for use by first-year students>**

Regardless of the usage classification, please cooperate with the following for first-year students that will use the club during the period from April 1 until the start of reception for the Wakuwaku classification [classification 1].

- (1) A guardian must drop off and pick up the child.
- (2) An advance meeting with After-School Kids Club staff may be required to understand the child's circumstances.

## 10. Changing the usage classification

After registration, submit a classification change application to change the usage classification mid-year due to work changes, etc.

The usage classification generally cannot be changed in the middle of a month. Submit the usage change notification to the After-School Kids Club by the specified date in the month prior to the change. However, we must adjust the number of slots during summer vacation (July and August). Therefore, the application must be submitted by the date specified by the After-School Kids Club.

Please avoid frequently changing the usage classification as this can disrupt the daily rhythm of the child and be stressful for them.

<Submitting documents that prove the household is unattended, etc.>

- If changing the classification from Wakuwaku [classification 1] to Sucusuku (Yuyake or Hoshizora) [classification 2 A or B] during the year, documents must be submitted proving that the house is unattended (see pages 7 and 8).
- Even if you were registered for the Sucusuku classification (Yuyake or Hoshizora) [classification 2 A or B] in the past, if you change the classification from the Wakuwaku classification [classification 1] to the Sucusuku classification (Yuyake or Hoshizora) [classification 2 A or B], documents must be re-submitted to certify that the house is unattended (see pages 10 and 11).
- If changing the sub-classification of the Sucusuku classification [classification 2 A or B] (from/to Yuyake [2A] or Hoshizora [2B]), documents for verification do not need to be re-submitted.
- Documents that prove the household is unattended, etc., must be resubmitted if the workplace, work situation, etc., changes.
